

Timers

This is website we use for the timers. We use these when we are counting down to lunch time. They can also be used in conjunction with What's on your Plate from CBeebies as a really good sensory cue and let the learner know what's happening next. If you would like to use them and can record your observations I would love to see them, you could email me at Hannah.Bradley@hereward.ac.uk

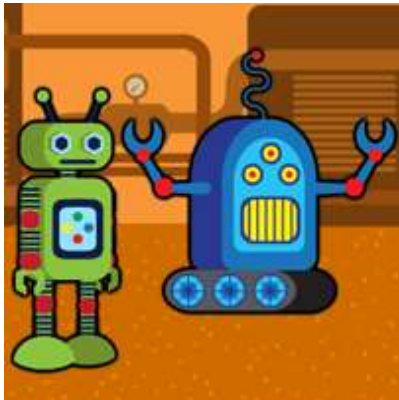

Have fun 😊
